Bewitching

Four-year-old Jessica Keetch of Minden will be a frightening young lady when she makes her rounds tonight. You'd better have your treats ready or Jessica will cast a spell on you. Jessica modelled her Hallowe'en outfit at the annual Play School party last Thursday.

Lakes, trash main issues for candidates

Water levels and waste management are the two issues that emerged as the dominant points of discussion during all-candidates meetings in Stanhope Township and Anson, Hindon and Minden Saturday night.

Coaxing the federal government to pay more attention to flooding and drought caused annually by the Trent-Severn Waterway is something almost every candidate in the running for seats on these two municipal councils is promising.

A more concentrated focus on the environment and waste management in particular, is another matter on which there is agreement among the majority of candidates in both municipalities.

There were close to 100 people in attendance at the Stanhope Township hall to listen to the platforms of the candidates for council and board of education. Barbara Nangle, Eleanor Harrison, Fred Gardner and Murray Daniels are the four candidates seeking to be elected as councillor. There are only three vacancies for these positions. Harry Davis is acclaimed as Reeve and Ann Barker is uncontested for Deputy Reeve. The two candidates for school board are Leroy Eager and Curtis Eastmure.

The candidates meeting in Minden was not as well attended. There were fewer than 70 people in the audience and a few of the

Hallowe'en prank?

Cornerstone is gone

There is a gaping hole in the brickwork at the Staunworth Terrace senior citizens apartments since the cornerstone went missing sometime over the weekend of October 22 and 23.

On October 19, a ceremony was held at the building when the cornerstone was set in place, marking the birth of the third senior citizens complex in Minden. However, the stone was never securely mortared in place and someone managed to steal it from its place in the wall.

John Cowan, who is the site superintendent for this construction project, said the stone was still in place at the end of the day on Friday, October 21. However, when he came back to the site on Monday it was missing.

At first, Cowan said, he thought someone had taken the stone for safe keeping. But when he checked around, no one knew where it was, and he reported it missing to the police.

The stone, which has the inscription "October 19, 1988" is of little monetary value. Its sole purpose is to commemorate the official start of construction on this community project.

Cowan hopes that some parent will find the stone lying around their child's bedroom and return it to the construction site below the arena. He also suspects it might be returned tonight as part of a Hallowe'en prank.

Schools keep morning prayer

Public schools throughout Haliburton County will continue with their traditional opening exercises in spite of the Ontario Court of Appeals'

decision to ban compulsory reciting of the Lord's Prayer.

The Haliburton County Board of Education decided last Tuesday to

leave its morning exercises unchanged until the Ministry of Education clarifies its position on this court ruling.

The court ruling stems

from complaints from Sudbury area parents who challenged that board's practice of reading the

(more on page 26)

around the county town

by Jeanne Sears. Call 286-1538.

I was pleased with my gift from a Pal of a Christmas Cake last year from the Lions Club. They now have them once again this year.

Weekend guests recently with Mary Cox were Shirley and Ron Cox from Peterborough and friend Linda and Ruby Carr from Colbourne.

There was open house at the Homestead near Lakehurst last Sunday, October 23 in honour of Mrs. Noble Cummings and from our area were Mr. and Mrs. Glen Warburton, Mr. and Mrs. Gary Warburton, Mr. and Mrs. Paul Warburton and boys, and Lila Warburton.

Good get well wishes go to Merle Pringle, Joe Dollo Sr., Alice Rivers and Lilian and George Davidson who are all under the weather.

We hear that Marian and Stan Hill enjoyed a great holiday at Myrtle Beach.

Visitors, the past two weeks, with Linda and Lyle McKnight have been daughter Luann Strauss and Andrew and Jonathan of Salem, Oregon.

Minnie and Les Robinson from Lindsay visited with Florence Robinson and the Jack Shaw family last weekend.

There was a luncheon at the United Church following Morning Service on October 23 and this was to honour Edna Morgan for her service teaching Sunday School there for 30 years.

At the Tuesday luncheon euchres at Minden Legion Hall on October

25th winners were - lone hands - Iris Taylor and others - Edna Trumbull, Marie Dennie, Heather Plumley and door prize - Lorna Bridgeman. For reservations for games on November 8 call 286-2733 or 286-2872.

Sincere sympathy goes to the families and friends of the late Mary O'Toole, Mrs. Claud McKelvey, Fred Martin and Edith Carlton, who passed away since last week.

Elva Deacon enjoyed a visit with Mrs. Eureka Thornton at Victoria Manor on October 22nd on the occasion of the latter's 100th Birthday Tea.

Ken Rowden is now able to come home every week-end and is progressing very well.

Dorothy McElwain has been away for several weeks visiting with her family at Ajax.

At the Tuesday night euchres at Gelert Hall, winners were on October 25th for lone hands - Joyce Schellenberg, and others Margaret Robins, Marvis Burk, Carl Francis and Chris Hill. Their next games will be November 8th.

Hours of Minden Legion are Monday through Thursday, noon to 11:30 p.m. and Friday and Saturday, noon to 1 a.m. They serve lunch at noon to members and guests.

Tickets for the Annual Lioness Bus Trip to Barrie in November are available at the Gallery, Leon's and Country Fabrics.

Coming events are Turkey Supper at St. Paul's Parish Hall Wednesday, November 2nd after 5. Minden Horticultural Society Meeting at the Courtroom, Tuesday, November 1st and is Awards Night, and at 7:30 p.m. Minden Agricultural Society Meeting on Tuesday, November 8, 7:30 at the home of Joan Moore and keep date December 2nd open for Catholic Altar Society Christmas Luncheon and Bazaar, from 11 to 2.

Archie Stouffer Home and School Association

invites you to meet your school trustee candidates on Thursday, November 10 at Archie Stouffer Elementary School at 8 p.m.

St. Paul's card party winners for the week were: ladies high - Gladys Wruth, low lady - Nora Briggs, high man - May Sinclair, low man - Ralph Schad, and most lone hands - Joyce Hewitt.

Sincere sympathy to Mary Currah, her brothers John Lindsay of Oshawa, Russell Lindsay of Uxbridge and sister Eva, Mrs. Ed Fice of Oshawa, on the loss of a brother, Robert Lindsay, who was buried Thursday last.

Verna and Roy McDonald returned home Thursday after visit with their daughter and her family.

Friends of Les Northey will be happy to hear that he is progressing well after his transplant operation and hopes to be home soon.

Hope you turned your time pieces back on the weekend and it will surely be dark earlier than ever. Hope all the youngsters enjoy a safe and happy Hallowe'en.

Club 35 euchre party results this week are as follows: 50 - 50 - Mabel Trodd, most lone hands - Bill Kleinschmidt, high lady - Olive Daniels, high man - George Alsop, and others - Eleanor Ferris, Clarence Bunker and Mabel Trodd. Due to the November 14 election euchre will be held Tuesday, November 15 at 8 p.m.

Mr. and Mrs. Bernard Odgen of Brampton were spending a week's vacation at their cottage on Highland Ranch Road. Joining them were Mrs. Ogden's parents Mr. and Mrs. Frank Sykes of Angus.

John D. McMahon, Poppy Chairman report of Poppy Campaign for 1987 - 88 from John McGrath Br. 441, Kinmount. Amount collected for 1987 was \$1376.62. Amount paid out for wreath and to the needy of the Legion was \$870 leaving a balance of \$506 as of 1987 collection. Total balance of account as of September 1988 in trust is \$598.66.

The annual Poppy Drive will take place November 1 to 12 in Kinmount. Look for members of the Legion, Branch 441, on the street in Kinmount in the next week or so.

kid's korner

by Jean Lacey

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down forward, backward and dia-

gonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off the list.

It's as easy as that. Have fun!

Drive is underway to fill clock tower

Before the gathering had adjourned for the afternoon, a chairman of the fund raising drive had been appointed in the person of Alec Stevenson of Stanhope Township. And, before he could get away from the meeting, he was presented with a \$100 cheque by Mark and Carrie Vasey, residents of Staunworth Court.

Mr. Stevenson says he will be pleased to accept donations for the clock on behalf of the nonprofit housing corporation and suggests that anyone requiring information on the project should contact him at 489-2596.

The new senior citizens apartment complex under construction in Minden includes an elevator to assist the residents in getting from one level to the next. Building designer Vas Kuchar told the gathering after the cornerstone laying Wednesday that the top of the elevator shaft, which shows on the roofline of the building, has been designed as a clock tower. Unfortunately, the feature lacks one important ingredient.

The architect told the meeting the tower is without a clock and suggested that someone in the area might consider funding the \$11,000 needed to have the clock with two faces installed.

Candidates face-off

(from page 1)

candidates expressed disappointment in this showing. The meeting did provide a forum for discussion on a wide variety of topics though, with a good deal of the debate taking place between the two candidates for Reeve.

The audience, although small, was well equipped with questions, forcing Ray Moore and Sinc Nesbitt, the two candidates for Reeve, to respond. Some of the issues addressed include the flood plain mapping, parks and water access, industrial development and roads.

The one main point of

concern addressed by candidates for the school board was the future expansion of Archie Stouffer Elementary School. The early grades are now being accommodated in a temporary facility and the board is hoping to get provincial funding for an addition within three years. There is a good deal of speculation that funding will not be granted, though, leaving the board to make a very difficult decision in the next three years.

The Times will provide detailed coverage of the candidates meetings in next week's edition.

Take care

Tonight, children dressed in all sorts of eerie costumes will take to the streets for the annual ritual of Hallowe'en trick or treating.

While this is a night of fun for both children and adults, it also poses a certain amount of danger, which can be avoided if special care is taken.

We urge drivers to keep in mind the fact that children are apt to be walking along the roadways. Although it is advised that children wear bright-coloured costumes, there are bound to be some costumes that will be hard to notice in the dark.

Drivers should ease up on the gas pedal and keep an eye out in all directions for the trick-or-treaters.

Parents are also urged to take care in checking through the various treats their children return home with. Although incidents of pins or razor blades tucked away in the treats are rare, it is a fact that this sort of lunacy still exists.

Let's make this Hallowe'en a safe and happy one for everyone.

Poor showing

If the turnout to Saturday's all-candidates meeting in Minden is any indication, the level of interest in the municipal election here is very low.

In spite of the promotion of this important event, more than half the seats in the Minden Community Centre were vacant. This is very discouraging, since election day is just two weeks away and there are a number of new candidates in the running who are trying to get their messages to the voters.

Saturday's meeting did provide some valuable information about the candidates for those who were in attendance. For this, we thank the municipality for organizing the meeting.

Time tu fiks langwage

What would you do if you picked up your mail one day and opened a letter which began:

"Owr organization iz the internasional grupe-ment for the study, the development and the difuzesion ov the Canadiane langwage. Yu ar urjed tu join us eemedeatly."

You'd do the same thing I did - shake your head, rub your eyes, sniff the mug to make sure terrorists haven't been slipping magic mushrooms into your Nescafe - and read on.

And this letter does go on - for one complete and almost indecipherable typewritten page. It's from a Toronto-based group that calls itself The International Union For The Canadiane Langwage. Their goal is not a modest one - they propose to deposit the language you and I speak on the scrap heap of history. Why? Because English is archaic, that's why

black 'n white

by Arthur Black

- or as the newsletter puts it: "eemensely inefisient, owdated ... faalur-cawzing and (ironic, this) "often repulsiv."

Well, to be fair, the folks at I.U.C.L. do have a bit of a point. English is confusing, irrational and at times astoundingly illogical. Any language that can find seven different ways to pronounce the virtually unpronounceable suffix 'o-u-g-h' (through, thorough, bough, cough, rough, hough and hiccough) - is a language that obviously wasn't designed by Swiss

watchmakers.

The I.U.C.L.ers propose a number of improvements to the language - the junking of all silent letters for one thing. Thus, 'thumb' becomes 'thum' and 'doubt' would be written as 'dowt'. They also suggest elimination of the letter 'Q', claiming that we can do quite - sorry that should be 'kwite' nicely - without it.

Which would lead I suppose to sentences like: "How kwaint to see the Kween kewing up to buy a h-kwality kwilt from Kwebec Sity."

But the International Union For The Canadiane Langwage isn't content to merely tinker with a few letters. They have nothing less than a major linguistic overhaul in mind. They're calling for the removal of all conjugational endings, which would give us phrases

(more on page 5)

opinion

The Times welcomes signed letters to the editor on subjects of interest to our readers. Short letters are most likely to be chosen for publication, but the use of any material is at the discretion of the editor. The editor reserves the right to edit letters to meet space requirements, for clarity or to avoid obscenity, libel or invasion of privacy.

Upon request, names may be withheld, but only very rarely and for compelling reasons. Letters published do not necessarily reflect the editorial policies or beliefs of this newspaper. All letters must bear the handwritten signature of the writer and include the address and phone number for verification purposes.

Flood plain: Second meeting required

Editor:

It was rewarding to read in Reeve Sinclair Nesbitt's platform for the upcoming election that the Minden Gull River flood plain mapping has been resolved to his satisfaction, and that the new zoning bylaws were to be implemented very soon. This certainly sounds like good news, and I have noticed that it appears to be based on fact, as I have seen a new building being placed on a previous flood plain area. That, along with some

other concessions would make it a good indication of Minden Council's successful negotiations with the Ministry of Natural Resources.

However, I must state if there have been changes made to the flood plain mapping, as was previously shown to the public, then before any Council can make a decision, there has to be another public inspection of these maps, so all residents can assess their position accurately. If it is as stated that the

problem in Minden is "corrected", then the other Townships involved in this same (and I stress "same") flood plain mapping, Lutterworth, can make similar adjustments, and receive similar considerations to a

similar unacceptable flood plain map.

Again, as Reeve Nesbitt states - Minden Village flood plain problems are corrected, and if at the next public display of the maps, this proves so, then we can

expect the Ministry of Natural Resources to deal as fairly downstream.

Another important point should be made. All residents of both Townships should be aware that any devaluation of Real

Estate on a flood plain can cause a shift of the tax burden.

Thank you for taking the time to read this letter.

**Ron Murdoch,
Minden.**

Dorset acid rain report

The following report of precipitation events were recorded at the Ontario Ministry of Environment Acid Rain testing station at Dorset. The results are compiled by Environment Canada. There were four events during the latest reporting period, October 16 to 22.

October 16 - 2 mm rain, 4.2 pH, from Tennessee, Kentucky, Ohio and southern Ontario.

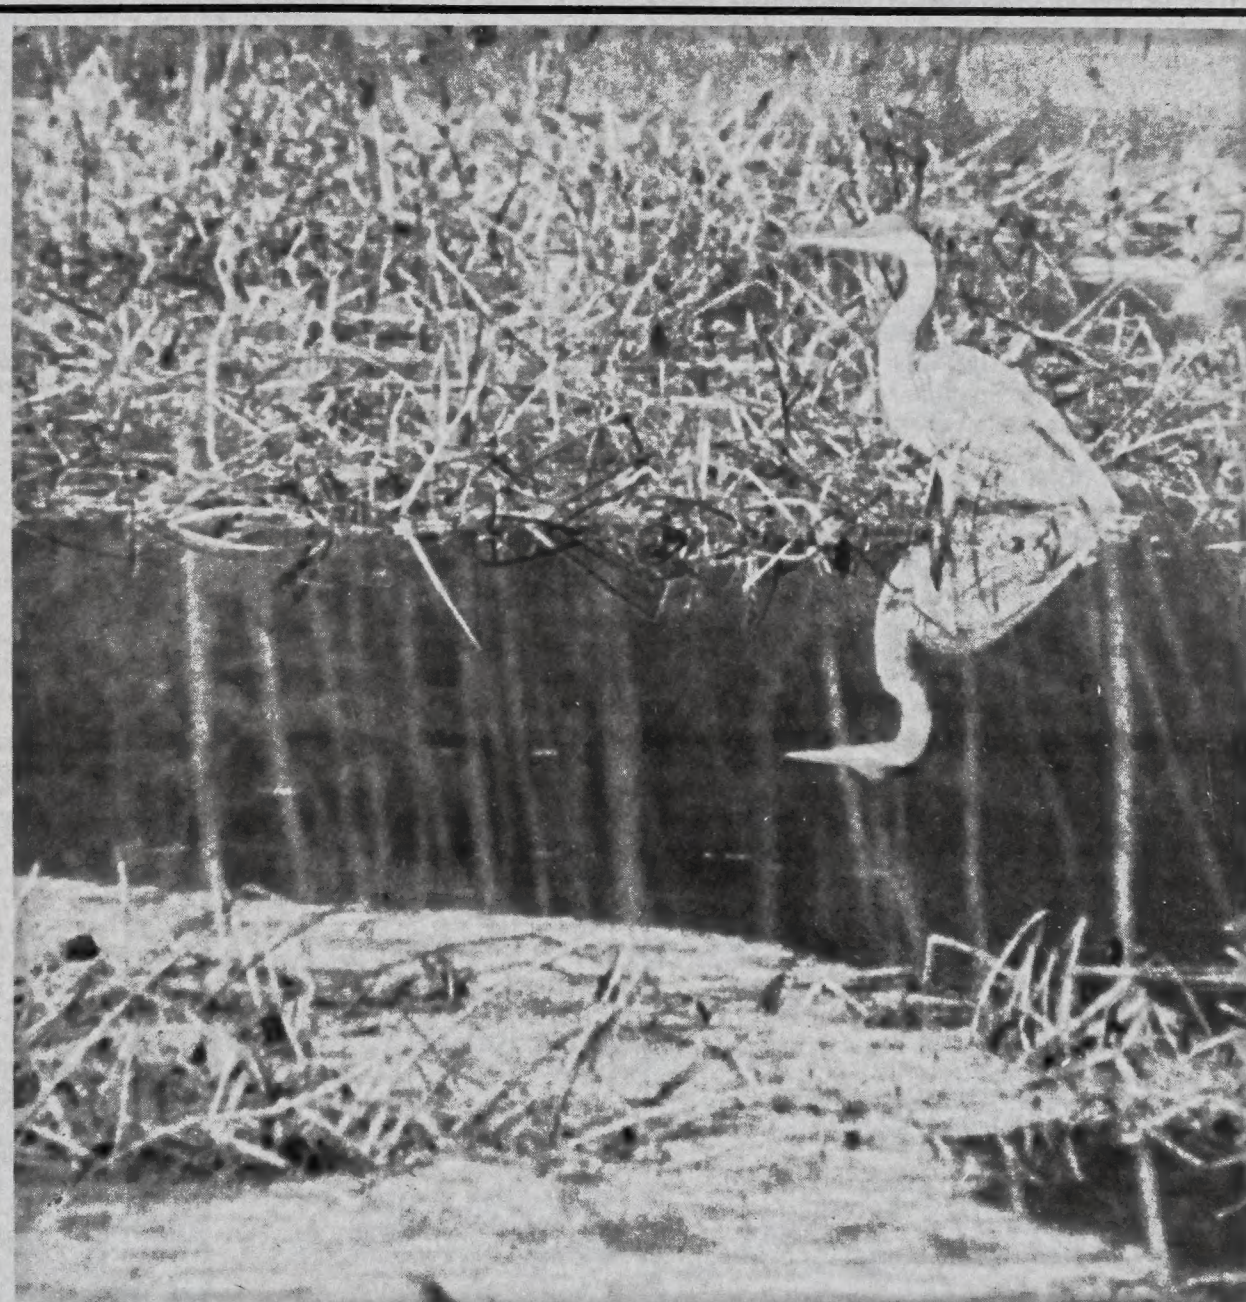

October 16 - 32 mm rain, 4.3 pH, from Virginia, Pennsylvania, New York

and eastern Ontario.

October 21 - 5 mm rain, 4.1 pH, from Atlantic Ocean, New York and eastern Ontario.

October 22 - 2 mm rain, 4.2 pH, from New England and eastern Ontario.

Environmental damage is usually observed in sensitive areas regularly receiving precipitation with pH less than 4.7. Readings of 4.0 pH or less are considered dangerous. The lower the reading, the more acidic the precipitation.

Mirror, mirror...

Russ Duhaime, photo

English is like velcro hairball

(from page 4)

like 'He see', 'She go', 'The dog bark'. Also they figure we'll need a 'necessity' verb to replace all those clumsy and convoluted English 'should-ought-need' words. The I.U.C.L.'s solution? A brand new verb - 'tu must'. In the new Canadian Langwaje 'She had to study' would be translated 'She had musted tu study'.

Confusing? You ain't seen nothin' yet. The folks at I.U.C.L. are convinced that, as they put it, "Victory iz inevitabel in this lingwistic endeavor" and they urge you, me and everyone else with a tongue in their head to start speaking the new "Canadian langwaje" ... "Twich iz eezy tu lern and tu uze becawz ov its rijid

rools."

Well, as someone who, in his formative years was compelled to crawl through a labyrinthine maze of intransitive verbs, subjunctive clauses and dangling gerunds without ever figuring out what the hell half of it meant, I have to confess I feel a sneaky attraction to the idea of a stripped down, streamlined, sensible version of English. Imagine never having to wonder if I've put the right number of 'c's and 'r's in 'occurred'. Just fancy never having to worry about why the words 'I', 'Aye', 'Ay' and 'Eye' all have precisely the same pronunciation.

The I.U.C.L.'s ideas make solid common sense I guess, but you know what? I'd miss that ramshackle, teetering tower of babble we call English. I love it's unpredictability. I delight in its slatternly habit of

going for a roll in the hay with any tongue or slang or jargon that comes along. Our English isn't 'English' - it's Saxon/Norse/Norman/French/Latin/Greek and just about every other language you care to name. That's how we picked up half our words! Tobacco? A Caribbean word. Schooner? Dutch. Chocolate? That's Aztec. Ketchup is Chinese and alcohol is Arabic. English is like a giant Velcro hairball that rolls along, picking up words like lint. Words such as - well, 'Velcro' - something that didn't exist in any language 20 years ago.

So to the folks at I.U.C.L. I guess it's thanks, but no thanks. Not interested in the new Canadian Langwaje. I'm quite fond of the old one.

But hey, just the same...

Gud luk, eh?

In praise of hope

As I write this, I am thinking about whales in Alaska and Joy Fillion. I am thinking about the massive international effort that is being made to save the two whales from certain death and an equally intense, if not more personal effort on the part of Joey and his family to help him recover from burns so extensive the doctors thought he wouldn't make it.

I wonder why stories, events, people like these attract us. They certainly make good news. They illustrate the depth of human concern and courage. They touch us in a way all the political debates don't. They get under our skin and stay there.

directions

by Edward Moll

Why are whales so important? Perhaps it's not the whales themselves so much as what they represent. Our consciousness of the way in which we have exploited the earth's environment and the obvious results of pollution, low lake levels, greenhouse effects and the rise of allergies and respiratory ailments, our consciousness of all these sins against creation has been effectively raised. And the plight of those grey whales in Alaska could very well be a parable of our existence on earth. The question "Will they be saved in time?" is the same one which we can ask about the earth, this womb which nurtures us.

Joey's story attracts us for what may be more obvious reasons: sympathy, courage, battling impossible odds. The image of Joey on the television screen, bright eyes in a face laced with fragile skin, his voice speaking of the day when he can go fishing, be with his friends again, and sit around a campfire. These things touch the deepest parts of our lives and revive possibilities in our own circumstances we thought didn't exist before.

The reason I am thinking of rescuing whales and a horribly injured teenager is because both these stories are buoyed up by the one thing this cynical, news-weary, acquisitive world needs.

No. Not love.

You have to hope before you can entertain the possibility of love.

Some call it heaven. Other's call it God's Kingdom. Still others say it happens not in the future, but now, lurking behind your pain.

To paraphrase St. Paul: "Now these three remain: faith, hope and love. And the rarest of these is hope."

Letter

Dignity is at stake

Editor:

Re: Bill 162 - Workers Compensation Board - Dual System.

Are you, the injured worker, aware of Bill 162, the Workers Compensation Dual System which has been tabled in the Provincial Legislative Assembly for the second reading?

Are you, the injured worker, financially secure in the pension and benefits you are receiving from WCB? Are you being fully compensated for your pain, suffering and wage loss?

Are you, the injured worker aware that should you refuse a job when Stats Canada advises the WCB they have a job for you your benefits will be suspended?

Under the Dual System - your human rights are also suspended - what will you do? You have no right to appeal - your right to a consultation with a Workers Advisor has been lost - The Dual system is loss of human dignity and rights to all injured workers.

Bill 162 gives supreme power to the Medical experts at the WCB to tell you how financially insecure you will be for the rest of your life.

Pensions are currently

based at a percentage rate of the last full year worked.

Do not think just about yourselves - (injured workers are not usually greedy) think about seniors who have been injured years ago and today are suffering from ear and eye-sight damage and various types of arthritis - pain no one should have to endure. They too are like you - the amount they receive is no larger than the hair on a snake's back.

Bill 162 is in effect in Saskatchewan. It does not work there and it will not work here. Should you agree with Bill 162, do nothing. Should you not agree with Bill 162 write to your MPP immediately.

What is Bill 162 all about? Request your copy from your MPP. Read it very carefully then read it again.

A case in point: The member from Sudbury East has been advised that a lady who has been determined as legally blind by CNIB that has had her benefits denied since she refused to take a job

putting picture frames together.

Now. You could be the next one. Pull together and act NOW. Betty Dionne, Minden.

End the buck passing

Editor:

With two elections underway, what better time is there for the residents of the Trent-Severn Reservoir Lakes area (largely Haliburton County) to demand of the candidates, what is their action plan regarding the inadequate water supply in the reservoir lakes area to keep the Trent Canal afloat.

The annual rape of the reservoir lakes must stop.

If an international task force can be formed to

investigate short and long term solutions to Great Lakes water levels surely a Federal/Provincial task force can be formed to address the perennial water shortage problems in Haliburton, Victoria and Peterborough counties.

While the candidates particularly Federal, are visiting your area, ensure they get your message loud and clear. You're fed up with the situation and you're not going to take it any more.

It is recognized that a post audit of the Trent-

Severn Waterways operation has been completed in 1988, and new technology is being installed. For this we are thankful. However, the bottom line is: there is not enough water in the system to serve two masters;

- the residents, lodges, marinas and small businesses in the reservoir lakes area and

- the Trent Canal

To ensure the Province also gets the message, write:

The Honourable V. Kerrio Minister of Natural

Resources

99 Wellesly St. W.

MPs must address concerns

Editor:

Your editorial concern and related published articles re: the disastrous fluctuations in headwater lake levels have been much appreciated by myself, personally, as well as by the members of the St. Margaret's Island Cottagers Corporation located on Lake St. Nora. Lest I be viewed as an "interfering outsider", let me reassure you that I am a displaced Canadian who has enjoyed the gentle summers of the Dwight-Minden corridor since 1937.

The past two summers have been particularly difficult for both perma-

nent and seasonal residents who are part of the reservoir system for the Trent-Severn Waterway. On May 31st of this year, our permanent crib-dock and attached floater-dock were even. When we closed the cottage on October 16th, our floater-dock was down 72 inches. It's mind-boggling that one Federal facility is permitted such a degree of autocratic control over other regions. Being island residents, our docks are absolute necessities for access to our properties, but each year they become high-and-dry at an earlier date. Water intakes either end up out of the water completely, or

have a mere 3 inches of water upon which to draw, resulting in overworked pumps or worse, a burned-out pump. Our only water access to the sole marina serving two lakes, is through The Narrows between Lake St. Nora and Lake Kushog. This October, that access route was reduced to a trickle which was unnavigable by rowboat. Each winter, new dangerous boulders are pushed into this narrow passageway by ice, but Environment Canada has advised me that there are no programs for dredging and that we are on our own. However, they did stress that if we undertook

the cleanup ourselves, such action would require an in-depth environmental study! It appears that all the rules are on the Federal side. No one cares.

We have heard that other Haliburton lakes drop as little as 12 inches during the season, and would be most interested in learning why a small one such as Lake St. Nora is targeted for a six foot drop. Our island residents continue to cope with innovations and relative good humour each year, but the past two summers have taken their toll. Having to scramble belly-

Hunting tragedies can be avoided

For many Ontarians, the hunting season represents a challenging time of the year spent in the great outdoors. Unfortunately, however, hunting often results in careless accidents that could easily be avoided.

The most common

hunting accidents involve careless use of firearms and getting lost in the bush. Both can be avoided by taking the following precautions:

- Treat every firearm as if it is loaded.

- Never point a gun at anything you do not intend

to kill.

Know where your firearm is pointed at all times.

- Never fire from a vehicle.

- Never carry loaded guns in vehicles. Unload the guns before climbing fences, jumping ditches or walking through dense

bush.

- Unload all guns after returning to camp.

- If hunting with a partner, always know where the other person is.

- Never overload a boat, and ensure weight is evenly distributed even if it means making more trips back

and forth. Life jackets should be worn by everyone on the boat.

- Wear fluorescent orange or red clothing, not camouflage gear, so that you are highly visible in the bush.

- Have a map of the area and a compass at all times.

- Establish a timetable with a friend or relative, so they'll know when to expect you back from your trip.

- Take extra clothing that is warm and waterproof to protect yourself from hypothermia.

Poster contest winners

Students from three area schools were honoured by the members of the Minden and District Lions Club Thursday night for their award winning efforts in the club's Peace Poster Contest. 104 entries were received from three schools taking part in the competition. Archie Stouffer Elementary School, Norland Element-

ary School and Kinmount Elementary School.

The theme of the poster competition was "Peace Will Help Us Grow". According to the president of the Minden club, Lee Oster, the purpose of the contest was to encourage youngsters to think about peace in the world and to reflect on what peace means to them. The

contest was co-ordinated by club members Maurice Boyd and George Moulton along with the co-operation of the teaching staff at the three schools.

A club spokesman noted that the entries reflected a high standard of artistic ability and showed the young people were seriously concerned about peace. Each of the top three

finishers at each school received a certificate and a monetary prize. The three winners from the Archie Stouffer Elementary School were: first, Jennifer Murdoch; second, Carrie Vanasse; third, Laurie Spooner. All are 13 years of age and attending grade 8. The winners from the

(more on page 12)

Prize winners in the Lions Club Posters for Peace contest, on hand for the presentation, include, in the foreground, Amy Cook and Trevor Marsh. Standing in the back row are, from the left, winners from Archie Stouffer Elementary School Jennifer Murdoch and Carrie Vanasse, winners from Kinmount Public School, Cori Barkwell, Veronica Johnston and Billy Dunbar. Lions Club organizers seen with the winners are Maurice Boyd, left and George Moulton, right.

Friends pay tribute to retiring Warden

Politicians and friends from across the county gathered October 22 at the Glamorgan Community Centre in Gooderham to pay tribute to Bob McCausland, the Warden of Haliburton County who steps down from office in December.

The retiring Warden told the crowd that it had been an honour and a privilege to serve to county during the past year. "I feel I have faced the challenges of the office in a positive

manner," he said. He noted the county has dealt with such contentious issues as waste management, lake levels and the assumption of the CNR rail line during his term in office. McCausland voiced one regret from his term in office. He said it was unfortunate the addition to the Haliburton Hospital had not been started as expected, during the year. He said he hoped the new Warden would get to see the project initiated.

"If we all work together, we can make Haliburton County a better place in the years ahead," McCausland commented.

On hand for the tribute was Victoria-Haliburton MPP John Eakins, who also serves as the Minister of Municipal Affairs in the provincial cabinet. He described municipal government as an important level of government. "You are more than just fillers of pot holes," he told the gathering of

municipal politicians, "You are policy makers."

Eakins said the regulations governing municipal administrations are in the process of being changed to reflect this greater role of the local authorities. He invited the successful politicians in the upcoming municipal election to meet with him to discuss the proposed changes and how they might be improved.

letters

(from page 7)

first onto dry docks, or replace damaged props, has affected these good spirits, and it's a terrible thing to see snarly faces in such a magnificent environment! I would dearly like to have Bill Scott and Bruce Glass spend a Thanksgiving Weekend with us in order that we may catch their undignified egress from

our boat on film. It would be a great campaign material!

I like The Minden Times. Due to your editorial stand on important issues, as well as your overview and inclusion of Provincial and Federal concerns, I am enclosing a cheque to cover my subscription for the coming year.

I fervently hope you will

continue to nag our M.P.'s. It takes time to get their attention, but with continued indignation on your part, a grass-roots outcry will occur eventually. They must be made to address the concerns of their constituents and need constant reminding of this fact.

Mrs. Pat Foley,
Warren, Ohio.

Fireproof your home

By eliminating potential fire hazards from your home, you can greatly reduce the chances of ever losing your home to flames. Check your home for fire hazards. Many fire departments will assist you by inspecting your home and recommending corrective action. Contact your fire department for more details.

Miles Roberts Council Ward 2

The first question I was asked when I decided to run for the position of Councillor in Ward 2 was, "Do you have any past political experience?" I can't say I have a lot of political experience but then again a lot of past political experience can be more of a liability than an asset when you look around and see so many elected officials who have lost the ability to put zeal and imagination into their office because of over exposure to the bureaucratic process.

Most of my experience has been business related. I have 10 years experience in Investment Portfolio Management, 3 years in Lease Financing and almost 2 years as part owner of the County Feed & General Store in Haliburton. I think nowadays that this type of business background is essential for a person to have when they are seeking elected office as money questions seem to dominate most issues.

It seems that among

most of the candidates in this election the buzz word is "environment" and in the same breath "sewers". The fact is we simply must have the sewers, the question is at what cost? What started as a \$2 million project has escalated to \$7 million. The tragedy of the thing is that if the sewers were to go in tomorrow there would still be mega-problems.

The resort owners who would directly benefit from the sewers began to

expand, improve and make long term financial and contractual obligations, (in good faith), based on the \$2 million figure. That is when the hookup costs incurred by a "small" resort might have been in the \$10,000 range, now at the escalated price hookup could cost that same resort owner \$100,000. So we have to get the Province moving and get the sewers in but at the same time if they are going to cost \$7 million

we are going to have resort owners who are in a real bind because through no fault of their own they budgeted at the \$2 million figure.

The sewers will not do Kashagawigamog any good if the main players cannot afford to hookup. The Municipality undoubtedly will have to take the responsibility of having to help find financial help for these people if an amiable solution cannot be reached with the Pro-

vince.

We need a solution that everyone can live with financially and that is what I would push for.

To me the word "environment" means much more than water, trees and air. I think the development of our downtown is an environmental issue. What kind of environment are we creating in our downtown, is it easily convenient, is there ample parking, is it attractive? I think we can do better on

all counts. There has been a consistent insensitivity to the needs of the disabled and senior citizens in the majority of new construction in the downtown area. The fact that we have an increasing population of senior citizens, many who have mobility problems or will experience mobility problems has not been taken into account in most new commercial construction.

I would like to see a

Poster contest winners

(from page 10)

Norland School included: first, Trevor Marsh, 11 years of age, in grade six; second, Maggie Bradamore; third, Amy Cook, both 13 years of age in grade 8. From the Kinmount Public School: first, Cori Barkwell, age 12, in grade 7; second, Veronica Johnston; third, Billy Dunbar, both 13 years of age in grade 8.

It was explained during the presentations Thursday night that the first place finishers in each category would advance to a regional competition, where further competitions will take place. After a series of judgments, the work of one student will be selected as an international winner. That student, with parents and two members of the sponsoring Lions Club will be taken on an all-expense paid trip to New York, for the presentation of a \$500 prize and plaque in a ceremony during Lions Day with the United Nations.

"barrier free" policy apply to all new commercial construction. In order to call ourselves a progressive community we need a downtown that is accessible to everyone.

Hiring practices within the Municipality is also an issue that is much on the mind of voters and nepotism seems to be their gripe. Whether it is real or perceived I believe the perception has become the reality and we need to take steps that will assure the people that

all hiring is carried out fairly and without favouritism.

There are many more issues that need discussing like the problem of low water levels, which has dragged on for years without a solution, and recycling which is the only sane choice we have, faced with an ever increasing waste management problem.

Sometimes however I think we get so issue oriented that we forget that there are people

behind the issues. A quote that has stuck in my mind over the years is that "people are not beholden to the government but government is beholden to the people".

Yes, I want to work for solutions to the "issues" but I also want to work for the individual. I want the people in my Ward to feel they have access to me and can rely on me to go to bat for them when they have a legitimate problem that relates to the Municipality.

It bothers me that even though this Municipality has experienced exceptional growth and prosperity over the past couple of years our taxes continue to increase, it bothers me when residents are faced with a trailer park being built in their back yards and they have to go to bat for themselves, it bothers me that the Municipality would rather unnecessarily spend taxpayers money on upkeep of one of their roads each spring

due to washout instead of ploughing it once or twice during the winter at the request of a resident, and the list could go on. As Councillor 1 would be there for those people.

I want to be the next Councillor for Ward 2. I believe I can do the best job, I can devote the time necessary to be effective, I have acquired the skills and resources to act in a competent manner for Ward 2 and the whole community

McMahon acclaimed Lutterworth Deputy Reeve

Surprised at acclamation, Lutterworth's new Deputy Reeve thanks all those who nominated him for the position and is looking forward to the next three years.

A few of McMahon's main concerns are fire and police protection, water levels in our lakes, waste management and flood plain. Our roads is another concern.

McMahon also wants to restore and improve relationships with neighbouring townships.

McCausland honoured

(from page 11)

Eakins expressed his personal appreciation to Warden McCausland for his year of leadership in Haliburton County and expressed appreciation to the individuals who are offering leadership in their community by seeking municipal office on November 14.

Dysart Reeve, and former Warden Murray Fearrey once again served

as the evening's master of ceremonies. Noting that a year before accepting the office, Bob McCausland had undergone a heart transplant operation, Fearrey told the gathering that the Glamorgan politician was elected to the office with the full support of the entire county council. "We knew he had the will to lead and the ability to meet the challenges of the job," Fearrey commented.

In addition to the members of Haliburton County Council, those in attendance Saturday night included family members of the Warden, Glamorgan staff, past wardens, County department heads and individuals associated with the county. Following the formal portion of the evening, those in attendance enjoyed the music of the BlueGrass Missionaries and dancing.

RE-ELECT

for

COUNCILLOR

Verne C. GRAHAM 

in Anson, Hindon & Minden

**Fred Gardner
Council**

First, my appreciation

to The Times for the publication of this information regarding my candidacy as councillor in Stanhope. I have used a question and answer format to attempt to let voters learn the who? what? and why? about me.

What is your background? I was born in Toronto and attended Bedford Park P.S. and Lawrence Park collegiate. I worked for Superior Propane Limited for 7

years, then Garland Commercial Ranges Limited for 29 years. At retirement 2 years ago, I was vice president, finance and a member of its board of directors, as well as being a director of sister companies in Louisiana, Pennsylvania and London, England. I am a past president of the Bramalea Civitan Club and an "honour key" recipient. My parents bought my present home on Halls Lake, as a

cottage in 1947 and for 2 summers I worked in the local store (then "Waters' Store"). For the last 15 years I have been on the executive of the Hawk Lakes, Halls Lake Property Owner's Association, serving as its president 1984/85 and 1985/86. Recently completing the real estate course, I became registered as a sales representative for Dale Austin Realty Inc., Minden in mid-August.

What are your qualifications to serve as councillor? I feel my business experience and my personal involvement in the area for 42 years each add to my qualification. Over the years I have served on property owner's association committees working with council and their planners, in developing both the original zoning By-law No. 77-14 and the current zoning By-law No. 85-7. Since living

here permanently, I have attended all but one of the monthly council meetings. I am very proud that among others, every member of the present Stanhope council signed my nomination papers to be a candidate in this election.

What are your views on development in Stanhope? This area is going to continue to grow and further development will

(more on page 17)

**Barbara C.
Nangle
Councillor**

My husband and I

moved our family to Stanhope Township when we purchased a tourist resort in this municipality in 1970. Since that time I have developed a keen interest in the affairs of our community that has now encouraged me to offer my services to the people of Stanhope as one of their representatives on Council.

The nine years I spent operating our resort has given me first-hand knowledge of various considerations of the tourist industry, and issues effecting people operating their own small

business here.

Since selling our resort I have worked to receive my Bachelor of Arts degree from the University of Waterloo, completely by correspondence. I graduated with this degree May 1988. This now gives me time to pursue my interests in the politics of this community in a more meaningful way.

I have been very involved in volunteer activities over these years also, and have gained rich experiences through these opportunities. In the administrative level of the Girl Guides of

Canada, I have been involved in organization, program planning and adult leadership training. These opportunities have taught me listening skills, time management, and given me first-hand experience in dealing diplomatically with people of all ages. My church activities have given me new avenues for personal growth and development at the Diocesan level in areas of communications and long range growth and development. At the Deanery level in organization and adult education, and as

Rector's warden in our parish, I have been very involved with the day-to-day affairs of our church. I have also regularly volunteered at the Public School to work with students, who need individual help. I have spent four years on the Recreation Committee and done other and various jobs in my community as the need arose.

If given the opportunity to represent the taxpayers of this municipality, I would not be partisan to any special interest group, organization or committee. I would listen fairly to all sides of every issue and would be willing to do any necessary investigation into the matter. Then, after careful consideration I will

reach, on my own, a decision that I believe will ultimately benefit the township and the majority of its taxpayers.

I would respect the confidence of stewardship that being elected would mean, and I will encourage continuing efforts to seek better solutions to issues of garbage disposal, recycling and refuse management. This would include a schedule of times available for the public to use landfill sites. Proper maintenance and staffing of these facilities is an expense we must be prepared to deal with. Recycling efforts in surrounding municipalities must be supported or we must take the initiative

(more on page 17)

**Ann Barker
Deputy Reeve**

The past five years

have been a learning and rewarding experience as councillor. I am looking

forward to serving you as Deputy Reeve for the next three years, on Council and County Council. It will be a challenging term of office.

Waste management and water levels will be at the top of the list. Finding ways to solve these problems will take time.

Essential services must be looked into and improvements made.

Keeping the lines of communication open between Council and the voters has improved over the past five years, and will keep doing so in the future. Your input to the needs and concerns of the Township is important, so exercise your right to vote November 14.

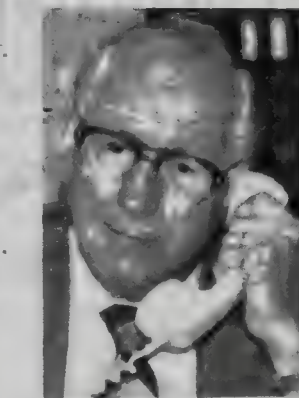

Married to Don 30 years on November 14,

we have three children, moved to Stanhope in July 1974, where we owned and operated the Li'l Chick Inn and a heating and cooling business.

I have been involved in many fund raising events over the years. I organized five New Year dances and raised over \$5000. All monies raised went back into the community.

I also have served on most committees over the past 14 years and was one of the five people who was on the Actions Committee for the family violence. Bringing a counsellor (Jud King) to Haliburton County. I received in 1981 Citizen of the Year Award.

Thank you for the privilege of working on your behalf.

**Murray Daniels
Council**

Born and raised in the Markham area, educated

in Markham, moved to Stouffville in 1939 where I lived till 1981.

In the early 1940's I learned the automotive trade and was hired by Bell Canada in 1955 as an automotive equipment mechanic.

In the early 1960's I was promoted to management (Automotive Manager T.A.) Responsibilities consisted of vehicle maintenance, budgeting staff requirement and their training.

With this management experience I feel I have something to offer to the electorate and the management of affairs in Stanhope Township.

The candidates: Stanhope

Eleanor Harrison Council

In seeking a position on Stanhope Council I have received a lot of encouragement from family and friends. I have been a resident of Stanhope Township for twenty-two years and for seventeen of those years my husband, Jim Harrison, has been involved in municipal politics in Stanhope. This fact in itself has made me more aware of the needs of the municipality and also the amount of time required in order to do the job justice.

Since it was instituted in 1984, I have been a member of the Board of Management and prior

to 1984 I was a member of the Community Centres Board.

My main concerns, like so many others, are preserving our environment, the quality of our lake water, lake levels and of course waste management which is a priority commitment at the present time. I also feel that within the next three years the topic of

amalgamation could resurface. Stanhope will need to be very careful in making a decision of this magnitude and very knowledgeable of the consequences of amal-

gamation.

For my part I realize that if elected, I would be

a very small spoke in a very large wheel. However, I am willing to work very hard for Stanhope, a municipality I have grown fond of over the years and hope to retire in one day.

Stanhope is a township that has enjoyed steady progress with marginal tax increases and operates in the "black" with no debentures. This is a compliment to our past and present councils and also something I would like to see continued.

Barbara Nangle

(from page 16)

ourselves to start this. An education program to recycle household waste should be encouraged to enlist participation of all residents whether permanent or seasonal. All must work together to help find solutions to this serious problem.

I would support efforts

of other government bodies and programs in our own township to clear our lakes and environment and free

them from pollutants and neglect, and to keep our community a safe, clean place for future generations.

Our council must care-

fully examine projected efforts to open opportunities for non polluting development that can increase employment opportunities without interfering with the

environment. Any proposed development project whether tourist related or otherwise must

be judged with its impact on the environment as a major consideration.

I would be honoured to help Stanhope Township implement new and

exciting future opportunities and to ensure that it continues to walk in prosperity into a bright future.

Fred Gardner

(from page 16)

occur. We must make sure our policies are made so that we may see growth in the ways we favour. With the unlikelyhood of a county-wide Official Plan, I think Stanhope should prepare their own. If you don't know where you are going, any road will take you there!

I participated in the economic development workshop October 14th at Hart Lodge and found the various opportunities discussed, most informative. I would like council to consider forming an "advisory committee" with representation from each of the 4 property owner's associations, the Haliburton County Development Corporation and others, to meet 2 or 3 times a year with council to exchange views on current items and future direction.

How do you feel about municipal taxes? Present council has done an excellent job in controll-

ing the township's expenses! Over 60% of our tax dollar goes for education which is provincially controlled. I agree that there should be a more equitable basis of funding education costs, other than through the ownership of property, however resolution of this problem rests with the provincial government. We all should press Ontario to solve this quickly.

Is waste a problem in Stanhope? It certainly is, with the required closure of the Halls Lake dump site in 1989 an alternative site must quickly be developed within the municipality and the consultant's study must be expedited. I feel a program of recycling should be instituted, even at some cost to the municipality. I think that both the county-wide waste management study now underway coupled with a county wide recycling program will assist in the proper management of

our waste disposal problems. Individuals should let manufacturers and distributors know that they desire simpler and more easily disposed-of packaging.

How about water? In this area of course water is a major natural resource. I have three concerns.

First is water quality. The Ministry of the Environment has completed their cottage pollution control program on Boshkung, Halls and both Hawk Lakes and should be urged to study Kushog Lake. Most lakes studied have shown about 70% of the disposal systems to be other than satisfactory. The outcome however, is rewarding, with a one year later update showing that approximately two-thirds of the faulty systems have been voluntarily upgraded. I would suggest that we petition the M.O.E. to add staff so that a better followup procedure be

possible to ensure all faulty systems are upgraded.

The second is water levels. The annual ups and downs of our lake levels is working against this area's most important use, - recreation and tourism. With the county now taking a lead in this long battle perhaps more will be accomplished. With over 80% of our taxpayers seasonal, I feel we must keep our voices heard in protest against the present wide fluctuations.

Water access is my third concern. I believe we must jealously preserve all public access points to our lakes so that access will not be denied to future generations.

I hope that I have answered some of your questions and that you will give me your vote to represent you on Stanhope council. This area is my paradise and I will nurture and protect it for each of us.

The candidates: Dysart

Lynn Craigmyle School Board Trustee

I was appointed to the Haliburton County Board of Education in 1983, and in 1985 I was elected. I am asking to be returned to the Board again this year as I do have a genuine interest in

the well being and education of the children of this county. I am presently serving as Board Chairman, and have in the past served on most committees of the Board. I feel that the present Board has worked together extremely well and I am proud to have shared in its many accomplishments.

On a personal side, my wife Carole and I became permanent residents of Haliburton County in 1972. We live at Drag Lake with our 2 children Dianne and Doug. Dianne is a grade 6 student at the J. Douglas Hodgson School and Doug is a first year high school student. Carole is the Medical Secretary for

the Haliburton Family Medical Centre and I manage the 3 Haliburton County offices of Bowes & Cocks Limited.

In closing, I would like to express my thanks to The Times for allowing these candidate profiles to appear and I would ask the electors of Dysart et al to support me on November 14th.

Joan Sawyer School Board Trustee

I have always had a keen interest in the political process of our country and three years ago, I decided that I would like to represent the taxpayers of Dysart on the County Board of Education. It has proven to be a very rewarding experience for me and I would very much like the

opportunity to continue.

I have resided in Haliburton for the past 21 years, am married, and we have one son who is presently attending the University of Toronto. I have been employed as a Registered Nursing Assistant at Hyland Crest Senior Citizen's Home for the past 20 years.

I feel that as a board we have made many changes in the past three years. We have adapted our system to better meet the

needs of our children and teachers. One of the most extensive projects in this area has been to review and rewrite virtually all curriculum from kindergarten up.

With an increasing population in our county, we have had to provide more classroom space in nearly all our schools. Major repairs in both the Dorset and Cardiff schools have been undertaken, and the addition of new library facilities at

the High School is about to become a reality.

There are new issues to be dealt with by the Board almost constantly. I feel that there will be many important decisions to be made over the next three years. Obtaining funding for an addition to Archie Stouffer school, and the issue of Victoria Street school in Haliburton are an example.

(more on page 19)

Tim Casey School Board Trustee

Background:

- Graduate of Haliburton County school system.

- 4 children enrolled in school system.

- Operates a successful small construction business out of Haliburton employing 8 people full time.

- Taught over a period of 8 years at the community college level (Sir Sandford Fleming - Frost Campus, Lindsay).

- Involved in the establishment, development

and administration of specialized technical courses, particularly in the construction explosive applications.

Reasons for seeking election:

1. Particularly concerned about the money spent on the administrative end of the system, while the student body is suffering without many things that other school systems seem to take for granted as being essential to a complete learning environment.

2. The numbers and salaries of the administration of our schools is also a concern which should be addressed.

3. The practice of having the students raise money for some of the above mentioned essentials should be examined.

4. The closing and consolidating of the Junior Public Schools in the smaller communities (Dorset, Gooderham, Haliburton, etc.) must not be allowed to happen.

5. I believe that a school board should be accountable to the ratepayer at all times instead of running roughshod over the crowd without even bothering to try and get a consensus of opinion from the public on any issue.

6. I believe that a

complete review of the operating policies of the individual school administrators should be undertaken with the purpose of achieving some consistency in rules (both student and teachers) and how these rules relate to the fundamental rights of the individual (again both student and teacher).

The Haliburton County school system is one of the biggest businesses in Haliburton County. It is a cumbersome, inefficient, top heavy, over paid, enigma that needs a closer look. I guess I'd like to take that look on your behalf.

Nancy Stinson School Board Trustee

I was born and raised in Haliburton County, attended Minden Public School and graduated from Haliburton Highlands Secondary School. I am married to Michael Stinson and we have three children. Lance our oldest is in Grade 10 at Haliburton Highlands Secondary School, Ryan our second oldest is in Grade 8 and Shannon our youngest is in Grade 7. Both attend J. Douglas Hodgson Senior Elementary School. I am at present employed at the firm of Donald J. Finn, a local Solicitor.

This will be the fifth time that I have put my name forward to represent the people of the Municipality of Dysart et al. When I first was elected in 1978, I was not aware of the many jobs which this position entailed. Since then, I believe that I have served on basically all of the Committees which has given me an insight into them all. At present I am serving on the Salary Negotiations Committee, Hiring Committee for the J. Douglas Hodgson Senior Elementary School and the Haliburton Highlands Secondary School; Special Projects Committee; Computer Committee, Building Committee and other Ad Hoc Committees. I am also a Past Chairman of the Board. With these many learning experiences and Committee Meetings behind me, I feel that I am more than ready for what the future may hold for me as a Board Member if I am re-

elected.

The major concerns for the future Board of Education, I feel will be to obtain the necessary funding for the expansion of both the Archie Stouffer Public School in Minden and to expand the School Facilities in the Village of Haliburton. A decision as to the Haliburton expansion has not been finalized at this time, but all groups of people concerned with the children and what is best for them are working together to provide an answer for this project when the time comes. Also a major concern to me as a parent as well as a Board member is that we strive to provide our children and the future children of our system with an education which is equal to if not better than anywhere else in the Province of Ontario.

In my personal life for those who don't know me, I am always on the go and always working with young people of our community. At present along with my School Board duties, I am Commissioner of the Canadian Girl Guides Association here in Haliburton County and I work with the local Figure Skating Club as a C.F.S.A. Judge which I am very happy doing as this has been a personal goal to achieve. By working with these young people, I also gain an insight into what they expect of us as adults who make decisions for them.

With the support of my family who are always there for me, I will once again give my best to you if I am re-elected to the Haliburton County Board of Education as your representative.

Wayne Wood
School Board
Trustee

As an interested parent and a concerned citizen, I hope to be re-elected as

School Trustee in the upcoming municipal election in order to continue my efforts to ensure our students are offered high quality education and to be involved in future

decisions and accomplishments made by the newly elected board.

The past three years, as a trustee, have been a period of learning, a time to gain experience in an area of utmost importance for the future of our children - Education.

I am proud to have been part of the many accomplishments achieved by the Board since 1985.

Now I'm ready to move on to the next three years with more decisions and accomplishments.

If re-elected I promise to work hard and conscientiously on your behalf.

Joan Sawyer

(from page 18)

If I am re-elected to the Board for the next term, I will endeavour to make decisions that will ensure the best possible

education for our children, and the best value for your tax dollar. I feel that we have an excellent educational system, and it is something that we must preserve for the youth of our County.

TOWNSHIP OF SNOWDON
MEET THE
CANDIDATES NIGHT

The Township of Snowdon
will be holding a
Meet the Candidates Night

Thursday, November 3, 1988
at 7:30 p.m.
in the
Gelert Community Hall.

Sid Cooper Deputy Reeve

I was born and raised in Haliburton County. I taught Secondary School in Toronto for six years before being selected by the Canadian International Development Agency to teach in Tanzania East Africa for five years. In 1971 I returned to Canada and I have been at the Haliburton Highlands Secondary School since that time.

I have been active in the community over the past seventeen years. From 1974 to 1981 I coached in the Minor Hockey system and I was President of Minor Hockey in 1980 - 1981. I am a past president of the West Guilford Community Centres Board. For the past seven years I have served as councillor for the Municipality of Dysart et al and for two of those years I served as Deputy Reeve.

The following are some of my thoughts about and concerns for the Municipality.

Our municipality is the centre of an attractive tourist area and is developing rapidly. The development is inevitable and I feel that our council should plan accordingly and ensure that the development does not cause a deterioration of our environment. Therefore we must continue the up-dating of our Official

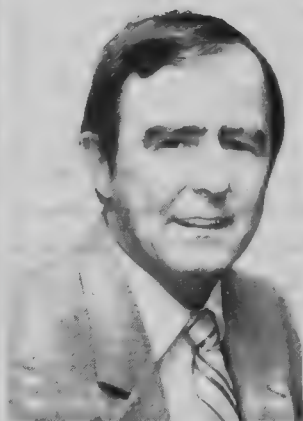

Plan particularly preparing for the possibility of Residential Condominiums. We must ensure that setbacks from the waterways for building is sufficient to prevent pollution and that sewage treatment is adequate.

Waste disposal is of prime importance. We, in this municipality and all other municipalities must begin recycling programs for our waste management. It will probably be necessary to enlist the

cooperation of larger centres close to us. The separated waste materials could be trucked to their recycling plants, perhaps.

The municipality must be operated like any business. As councillors it is our duty to make sure that the books balance.

I feel that I have the interest the background and the time to serve our community in the capacity of Deputy Reeve and I solicit your vote on November 14th.

Bill Davis Deputy Reeve

step down when he accepted employment with the Haliburton Ambulance Service. Since the ambulance was managed by the municipality, Davis felt he had a conflict as an employee and offered his resignation from municipal council. Things have changed since, though. Davis is now in business for himself operating the Color Your World store in Haliburton Village and the ambulance service is no longer managed by Dysart Township.

With this conflict out of the way, Davis is eager to recapture the seat he gave up. Goals to be accomplished in the coming three years on council involve both the County and Municipal levels of government since, if elected, he would sit as a member on both.

The main item of concern in recent years is that of fluctuating water levels in area lakes. If elected, Davis will work to convince both the

Ministry of Natural Resources and the Ministry of Environment that this situation should be of concern to them as well. If these two ministries can be brought on side with the county's Water Levels Advisory Committee, the Trent-Severn Waterway will have no alternative but to start taking this problem more seriously.

Recently, Davis was visiting near the southern part of the waterway and he noticed that lake levels there were extremely high. This contrasts sharply with the very low water levels that still exist in Haliburton County Lakes. Somewhere between the high water in Buckhorn and the low water in Haliburton is a happy medium, he says.

The Ministry of Natural Resources should take more of an active role in this issue since the fluctuating levels must be taking their toll on the success of spawning lake trout in the lakes. Despite

what the ministry has said, Davis believes the challenging water levels has to be doing some damage to spawning shoals, promoting the decline of lake trout populations in this area. In the long run, lake trout are not regenerating because of the low water levels, says Davis.

The Ministry of Environment should also be taking a more active interest in this, because of the reduced flows of water at certain times of the year in the narrows between Head and Grass Lakes. The sewage plant discharges into the water at this point, and Davis says there has to be a strong flow through there in order that the plan can run at capacity. Davis says he wants the environment ministry to answer whether or not the reduced flows are creating a problem of pollution in the Kashagawigamog chain.

Another matter that needs to be resolved in

the near future is the establishment of the proposed sewer line to resorts on Lake Kashagawigamog. This project has met up with delays at the provincial level while cost estimates are climbing at an astounding rate.

The price tag for this new sewer line is going to be high, but somewhere along the line, the government is going to have to find the money. The safety of the lakes is at stake, says Davis. Some of the resorts are relying on sewage lagoons and chances of them leaking into the lakes is a risk not worth taking.

Other issues Davis is addressing in this campaign include the delays in the construction

of the expansion to the Haliburton Hospital. He wants both the county and the municipality to press the Ministry of Health to release the funding for this project.

Waste management, which has been the subject of much attention in recent months is another matter that Davis feels needs a concentrated focus over the next few years. He says this is one of the most important issues that will be faced by local politicians. Recycling will be an issue into the 1990s, and it will likely be a costly venture for the county. However, most people who live in Haliburton have a love for the environment and Davis says you can't put a dollar value on that.

Help available in toy selection

Once again, the *Toy Report* has been received by the Haliburton County Public Library to help you find your way through the many toys that are available for your Christmas selection.

With over 1,500 descriptive and analytical comments, this guide is jammed with practical information on everything from bath toys to snow shovels and beyond! Can there be an end?

Amongst the many features, the *Toy Report* continues its magazine format and has an enlarged, simplified index to help you find what you are looking for by type of toy and brand name. There is a feature article on the pleasures and pitfalls to be met in the world of home-

video entertainment systems and even a section entitled "A box of Delights" which gives specific advice on how to provide unique and tailor-made gifts using more imagination than money.

This is the time of the when the *Toy Report* is of the greatest value to you ... so act now. Available at or through the closest branch of the Haliburton County Public Library ... and let us be the first ... Merry Christmas!!

by Alan Thompson

A recent project of the Minden and District Lions Club was the moving of the outdoor playground equipment for the kindergarten and grades 1 and 2 which are now at the new satellite school (former IGA building). The junior swings had to be dismantled with the concrete footing broken off. Then moved and set up again in concrete. The circular climber was moved and reset in concrete and a new sand box built. The pictures show Lions in action.

The Lions Club wishes to

thank Spike Moxam and Jack Milburn, school caretakers, for the help they gave us in the digging and moving of the equipment. Lions taking part were Lee Oster, Maurice Boyd, George Moulton, Paul Hopkins, Mel Flood, Dave Howell and Bill Stackhouse.

The Board of Education has done a good job providing classrooms with a lot of material for the children to work with. They ran out of time before the school opened to move the playground equipment and as the writer of this

column drove past the school on the first day of school, seeing no equipment, a few phone calls were made, the move soon took place, the children had a playground.

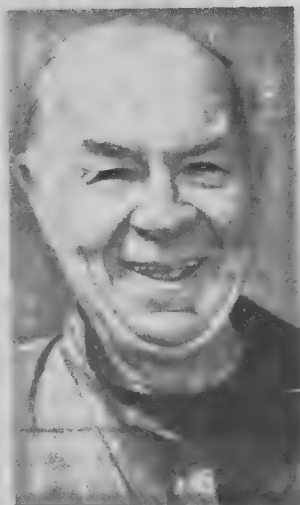

Lions Christmas cakes are now in town. We have more this year as we ran short of demand last year. They are in a number of businesses and Lions members have them.

With the judging completed for the Lions International World Wide "Peace Poster Contest" for grades 6, 7 and 8 with over

**George Simmons
Reeve**

Why are you a candidate for the position of Reeve of Snowdon Township?

The concerns that altered my decision for running for reeve instead of trustee on the School Board are as follows:

1. **Fire protection** - without co-operation from your four adjacent municipalities, a township becomes a liability factor. The dispute with Anson, Hindon and Minden over fire protection rates, was the weakest solution a reeve

could make.

payers if Anson, Hindon and Minden refuses to supply fire protection even if Snowdon agrees to Minden's terms for the year 1989?

A Fire Marshall could tell Dysart or Glamorgan or Somerville next, to update vehicles, equipment or facilities.

It is an odd situation when the person that rents, tells the owner - "how much he is going to pay for rent."

2. **Environmental problems** - along with fire protection, the environmental problems are very vulnerable to Snowdon Township. The environment officials with a stroke of a pen could close our two existing dumps, in which case, we would have to seek co-operation from our neighbouring municipalities. This is why I support the County study on Waste Management. You have to plan the financial increase and impact on the Township because with government regulations getting strict,

the dumps will eventually close.

The environment is the largest concern on everyone's mind (and you thought it was taxes).

Whether it is garbage, stock piling salt for winter's use, oiling roads or poor septic systems, the pollution of our air, water and soil will have a devastating effect worldwide.

3. I would like to improve facilities in Lochlin, Gelert and Irondale.

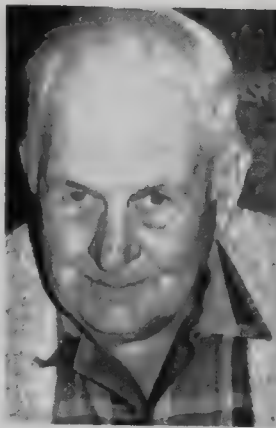

4. Improve benefits for employees.

5. Seek more capital grants.

6. With co-operation of council to have a study on the needs of the people of Snowdon Township and a five-year plan on improving Snowdon Township.

In a short resume - I am 40 years old and have been married 19 years with four children. My occupation, I am employed with Tourism and Recreation at Bark

(more on page 24)

**Bob Vick
Reeve**

Maintaining good roads, holding the line on taxes and protecting the environment are three of the main issues that Bob Vick will continue to stress if he is re-elected to

another term as Reeve of Snowdon Township.

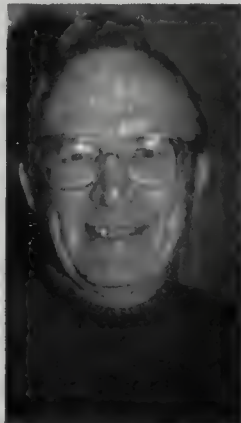

Vick, who is 69 years old, has lived in the township all his life. He was first elected to municipal council 23 years ago and has been the Reeve for the past 20 years. On Haliburton County Council, he has served on almost every committee and is currently the chairman of the Hyland Crest Committee and a member of the Management, Personnel, Planning and Railway Committees. He was the Warden of Haliburton County in 1977.

Vick believes that maintaining good roads is the most important function of Snowdon Township Council. Road work takes up the largest part of the annual budget

and is important for promoting growth in the township.

Vick does not promise that taxes will not go up in the future but he does promise that any increases will have a good reason behind them. A municipality has to spend money to keep things going but Vick tries to avoid any unnecessary spending and that is how he manages to keep taxes as low as possible.

Other items that will have to be addressed in the next three years include the fire protection agreement with Minden, future uses of the abandoned railway that runs through the township and waste management, which is a major concern throughout the county.

**Jack Hills
Councillor**

Jack Hills, who has served the past two terms, representing five years of experience on Municipal Council, is seeking a third term as Councillor for Snowdon Township.

"While serving the Township I have been particularly proud to represent Snowdon Township on the Board

of the Haliburton County Development Corporation," notes Hills, who currently sits as first Vice-President of the Corporation.

"The Development Corporation has emerged as a dynamic force in the economic development of Haliburton County, providing a degree of certainty and prosperity to the residents of Haliburton."

Hills also sits as Haliburton County's representative on the Federal Government's Local Advisory Council on employment programs and opportunities for Peterborough and Haliburton Counties.

In that capacity he was instrumental in lobbying the Government to ensure the continued funding for skills training programs locally, such as in lumber grading.

In keeping with his sense of Community involvement, Jack Hills

also sits as a member of the Bancroft and Haliburton Community Industrial Training Committee. He is a member of Royal Canadian Legion, Branch 441, in Kinmount, and has participated as an active member in the Haliburton County Senior Games.

"I believe the most difficult challenge facing the Municipal politician today is serving the needs of our fixed income residents by avoiding the temptation of increased taxation, while providing a climate of progressive development for our young people which will enable them to say in their home Community."

Formerly a career civil servant, having served 20 years as Executive Assistant to the Chief Coroner for the Province of Ontario, Hills retired to his Haliburton home-stand in Snowdon Township in 1978.

**Dwain Wruth
Deputy Reeve
Acclaimed**

Greetings. My name is Dwain Wruth of Lochlin,

I am 32 years old and have lived and worked in Snowdon Township, all my life.

Upon graduating Grade 12 at Haliburton Highlands Secondary School I went into partnership with my father and took over operation of the family farm.

During some of these years I have served as a Director on the "Haliburton County Farmers Association" and the "Haliburton County Fair Board."

Approximately 10 months ago I was elected to Municipal Council, and have held office since, the last five years serving as Deputy-Reeve, giving me three years

experience on County Council.

Issues concerning Snowdon Township that need to be addressed during the next term are - Revamping and updating Comprehensive Zoning By-Law, finding an environmentally, safe, economical dust control programme, fire protection and finding a programme to produce the maximum life expectancy for the two Municipal Waste Disposal sites.

In closing I would like to thank the ratepayers of Snowdon Township for their support in the past and I look forward to serving the ratepayers in Snowdon Township to the best of my judgement and ability in the future.

**Mike
Carpenter
Council**

I have been a resident of Snowdon Township for all but two of my 31 years. I am married and have three children. I have been employed at Haliburton Lumber for the past 11 years where at present I am store manager. I believe my

business experience will assist me in the position of councillor.

This past year I was instrumental in obtaining a grant for the outfield fence at the Lochlin ball park. Hopefully, over the next three years, by working together we can improve not only our parks but our community centres and roads as well.

Thank you.

**Al Jopling
Council**

Being a resident of Snowdon Township for the past 13 years (which I call God's country) I would proudly like to be considered as one of the 3 members of council. For the past 18 months I served on council as a replacement for Bill Powell who resigned for personal reasons. During this time I got to enjoy many aspects of my position, serving our residents. I would like to continue for the next 3 years facing the many new problems that will arise in a growing community. Problems

such as fire protection, being a small township we sometimes have to relay on our good neighbours for this and other needs. Getting along with my fellow man is possibly my best asset. Children play a big part in my life. I have been driving a school bus for the past 10 years. I am a proud member of the Royal Canadian Legion Branch 441 and I am on the executive committee. I am chairman of Youth Education and Track & Field. I have previously served on the Kinmount Civic Action committee

and organized teen dances. I chose Canada to settle in after serving 5 years in the British Navy, Officer trained, college educated. After 2 years here I met and married my lovely wife Flo. Still happy after 28 years. Prior to moving here from Scarborough I was in warehouse management and lastly had my own delivery service. I am a team man as my fellow team mates on the Haliburton Soccer Club will attest to.

Vote for me on your team.

Skating school a success

The Highland Skating School fall session, operated jointly by the Minden and Haliburton Figure Skating Clubs at the Haliburton Arena, finished a successful five weeks with a test day on Wednesday, October 12.

Congratulations to the following skaters who passed their tests:

First Figure, Michelle Simms; Senior Br. Free-skate, Danielle LaRue.

Dances

Fiesta: Marita Schrader and Joanne Smith. European: Brenda Brouwers (Walker). Foxtrot: Brenda Brouwers (Walker) and Andrea Pawluch. Tango: Kerry Martin.

On October 16, Lisa

Carr travelled to Peterborough to try her Variation Dance test which she passed.

During one of the last evenings of skating, a pizza party was enjoyed by skaters, coaches, and parents. On behalf of the skaters, Nancy Sales, Haliburton President, presented a fall floral arrangement to Toni Carr who organized the fall school.

It has been very convenient for the local skaters to have been able to skate at home instead of having to travel so far to Orillia and Lindsay. Except for Mary Donovan, a Haliburton coach, the coaches have travelled here which has been much appreciated.

Gay Tennant has come from Orillia, Mike Sander-

son and Hilary Simpson from Uxbridge, and Marg Hadley from Omeme.

Both clubs have now just started their winter season but hope to get together again in the spring and perhaps for a summer school.

George Simmons

(from page 23)

Lake (Irondale). I have six years experience on the Haliburton County School Board as the Snowdon Trustee. Reference: Any person that has been associated with me.

In concluding, I would like to say, if elected as Reeve of Snowdon Township I would serve you (the residents of Snowdon) with all I have to offer.

Remember -- There is no problem too big to solve.

WE WOULD LOVE TO HAVE YOU VISIT US!

Men's hockey starts new schedule

The Minden Mens Recreational Hockey League opened its 13-week schedule with three games at the Minden Arena last

Monday night.

There are six teams in the league again this season sponsored by the Rockcliffe Hotel, Vasey Real Estate, Hartwick Construction, Home Hardware, The Times and Floyd Hall Insurance. The games are all held on Monday nights and the game times are 7 p.m., 8:30 p.m. and 10 p.m.

The opening game of the schedule saw Rockcliffe take on Home by a 10 - 3 score. The Times edged Vasey 9 - 8 in the second game of the night, and Halls beat Hartwick 8 - 6 in the last game.

Times 9, Vasey 8

Three early goals in the opening frame helped carry The Times to a narrow victory in the second game of the night as Vasey's come-back attempt simply ran out of time.

Merv Mintz led the scoring for The Times with a hat-trick. Ben Manuge and Craig Crowe each scored twice while Doug Schell and Paul Perreault added one goal each.

Dennis McKee had a good game, scoring four times for Vasey. Ivan Ingram scored twice and Harold Cowen and Ken Barry each added one.

Halls 8, Hartwick 6

If any team is going to beat Halls this season, they're going to have to control the scoring power of Dave Hartwick.

Wearing sweater number six, Hartwick scored six of his team's eight goals in this game. Brian Shaw and Ed Gibbons added one each to help out in the win.

Carl Northey and Sid MacKeigan scored two each for the Hartwick team while Doug Ray and Jim Keetch each added one.

Tonight at the arena, the Rockcliffe and The Times meet at 7 p.m., Hartwick and Vasey play at 8:30 p.m. and Halls and Home take to the ice at 10 p.m.

Three games were played last Monday night in the Minden Men's Recreational Hockey League to start another season at the Minden arena. In the second game of the night, The Times edged Vasey Real Estate 9-8. Games will be held every Monday throughout the winter at 7, 8:30 and 10 p.m.

Rockcliffe 10, Home 3

Home Hardware had a lot of trouble putting the puck past the Rockcliffe's goaltender, Rob Crowe, in the first game of the night while the Rockcliffe's Dean Hewitt and Barry Boice kept the light flashing at the opposite end of the rink.

Hewitt and Boice each scored four times in this lopsided win. Scott Hamilton added the other two goals for the Rockcliffe.

All three of Home Hardware's goals were scored by Lawrence Lougheed with Dave Rogers and Corey Walker earning the assists.

Staanworth Court a sure bet

If the residents of the senior citizens apartments in Minden seem to be taking a greater interest in horse racing over the next few months, there is a good reason.

Two of the residents of Staanworth Court, Mark and Carrie Vasey, have just recently become shareholders in a thoroughbred racing stallion, which they

feel has winning blood lines. Certainly, if the breeding isn't everything, the name of the horse is. This two year old will be carrying the name Staanworth Court.

According to the proud part owners of the horse, Staanworth Court comes from a long line of top thoroughbreds. It was sired by Canada's leading

horse Vice Regent Colt of Winfield Farms of Oshawa. Vice Regent Colt is a son of Northern Dancer. On the horse's mother's side, he is the son of Joyful Juliet, who is the daughter of Kentucky Derby winner Honest Pleasure.

Staanworth Court begins its training in several weeks with an eye

to joining the racing circuit in May of next year.

The Vaseys point out having the horse carrying the name of the local senior's apartment should

heighten the interest of the local residents in the sport. They have also suggested that the residents may take an excursion to the track next year to see their

namesake race. Odds are, even if the horse doesn't win, he'll be a sentimental favourite of the group from Minden.

Staanworth Court is also the name of a thoroughbred that will soon be on the racing circuit.

Seniors end season with 1-1 tie

In the last game of the regular season the senior soccer team, played Fenelon Falls to a 1 - 1 tie at Fenelon's home field.

There was no score in the first half, as both teams played strong defence in the midfield.

Fenelon scored early in the second half to take the lead, but the Redmen bounced right back and Mark Sorenson tied the game with a powerful shot from 30 yards out, just minutes later.

Haliburton carried the

play in the last part of the second half and had a couple of good chances to score, but could not get the winning goal.

The Redmen finished the regular season in first place with a record of 4 wins, 2 ties.

Students may be excused

(from page 1)

Lord's Prayer as part of the morning exercises. These parents argued that the presence of prayer in public schools infringes on their freedoms under the Canadian Charter of Rights.

Haliburton's Education Director Stuart Baker explained to board members Tuesday that students are allowed to be excused from these opening exercises if they wish. He was not sure how many students would be involved, but said it is only a few. He added there have been no complaints from parents of any children at Haliburton schools.

Baker also drew the board's attention to underlying problems that could result from this ruling. Celebrating religious holidays such as Christmas or Hallowe'en could also be construed as an infringement on people's rights.

In a letter sent out to all public education boards in the province, Deputy Minister of Education Bernard Shapiro provides some guidelines on how the school boards should conduct their opening exercises. "Where opening or closing exercises are continued, boards are advised that they: a) may include God Save the Queen, b) shall include O

Canada, and c) shall respect the spirit of the Court of Appeal decision." Any readings or prayers must reflect the multiculturalism of the province. "One religion must not be given a position of primacy."

Baker said the court ruling is more a reflection of the many cultures in the highly-populated parts of southern Ontario.

Christianity is by far the most common religion in the Highlands and the board is very willing to continue to excuse any students who do not wish to take part in the exercises.

Debate '88

Have questions ready

Voters in Victoria and Haliburton Counties will have a chance to direct questions at the candidates in the federal election during a debate to be held in Haliburton this Wednesday.

Anyone who wants to ask the candidates a specific question can do so by putting it in writing and

dropping the question in a basket that will be set up at the door prior to the start of the debate. Frank Wallace, who will be moderating this program, will direct as many of these questions as possible to the candidates who will each be given an opportunity for a response.

The debate is being held

at the Dysart Community Centre at 7:30 p.m. Liberal Candidate Bruce Glass, NDP Candidate Cathy Vainio and Commonwealth of Canada candidate Archie Dobbins all have confirmed their plans to take part in this valuable exercise. Conservative candidate Bill Scott will not attend.

it's neat to Pitch-In!

WE'VE BEEN PROMOTED!!

We wish to announce we are ending our relationship with Dixie Lee Food Systems. Our restaurants in Minden and Haliburton will soon be sporting new signs introducing you to

"GENERAL LEE'S CHICKEN & PIZZA"

General Lee's will be a family owned operation and to ensure the finest quality food and service, no franchises will be offered.

Basically things will remain similar and we'd like to thank everyone for their patronage over the years. General Lee's will be offering our customers great fast food and we look forward to serving you.

Minden: the final chapter

While our first two days in Minden had been taken up with seeing the sights of the surrounding countryside, the third was designated our Minden Day, a chance to get a close-up look at the city from which the name of our community was drawn. Our genial host for the day again was H-J Wulf, the manager of the Minden Tourist Board.

The history of the city of Minden is closely tied to the Weser River which flows toward the North Sea on the east side of the community's core. The Weser and a smaller river from the west, provided the water for a moat which surrounded the village over 1000 years ago.

The canals and rivers have been utilized by large barges carrying everything from scrap iron to fuel oil to wheat. The river and canal system provide an important link for the European economy. The Mittelland Canal reaches the North Sea at Groningen in Holland and stretches to Berlin, deep in East Germany.

In addition to being an economic boost to Minden, Germany, the canal provides a tourist attraction as well. The canal passes over the Weser River, carried on a bridge or viaduct. A series of locks allow the boats to move from one waterway to the other. Our early

visited was the Minden Cathedral. Built between the 9th and 13th centuries the structure is considered to be one of the best preserved of its kind in this part of Germany. The high vaulted ceilings with vibrant stained glass windows accented the beautiful church, the centrepiece of Minden life for centuries.

Like many cathedrals in Europe, the structure was built to enhance the acoustics in an era before electric amplifiers. As our guide discussed the various features of the building, his voice was carried through the building, reaching all listeners with little distortion.

The next stop was the Minden City Hall. Here, in the great hall, the city Mayor or Burgermeister, Heinz Rothemeyer, his deputy, Gunter Witte and city manager (equivalent to our clerk-treasurer) Dr. Linkerman, were on hand to welcome the group. The hall is reserved for formal civic occasions and was decorated with large paintings depicting important events in the city's history. This portion of the 1000 year old city hall was damaged during World War Two and was reconstructed. Some of the decorative touches, including an immense fireplace which dominates one end of the room, was removed from another building in the city and

installed in the hall during the reconstruction.

During the brief formalities, Mayor Rothemeyer, who spoke English, welcomed the group to his city. He expressed the wish that these sort of exchanges would continue in the future. He presented the group with a book on the city, featuring photographs and a brief English

appendix. (This book will be available through the Minden library). Each of the travellers also received a number of records featuring a Minden choral group and brochures on the city.

In response, I presented the Mayor with the plaque marking the group's visit to the city. Former Reeve

(more on page 30)

The City Centre is virtually closed off to traffic

As in Canada the rivers were the early highways of Europe, so settlements located beside rivers which provided a favourable location to construct a bridge, quickly prospered. Such was the case with Minden. Early rulers attempted to restrict growth of the city to the area within the fortified walls, and eventually strangled the community's growth. In 1873 it was realized if the city was to grow, the only area available lay outside of the fortifications.

Evidence of the wall which encircled the city is still visible in places, as are examples of architecture from a number of eras. It was obvious from the sights we were shown that a great deal of care is being taken now to preserve what remains of the early Minden.

Since the river played such an important role in the early days of Minden, it was appropriate that our tour should begin on the water. The group boarded one of three large passenger boats based in Minden, though idle in September, are kept busy through the summer season ferrying tourists.

Our tour was not on the Weser River, but in fact on the Mittelland Canal. The canal is one of a number which wind across Europe, linking key centres and connecting the numerous

morning cruise took us over the viaduct and past and over numerous barges plying the water of these waterways.

Following the cruise, the group was taken to the centre of the city for a tour of the sights. The central core has been virtually closed off to traffic, providing interesting walking areas through cobbled streets lined with ancient buildings.

Sightseeing opportunities

(from page 27)

and Warden Lyle McKnight presented the mayor with an Anson, Hindon and Minden lapel pin while Cub Coneybear presented the Mayor with a Canadian flag.

Mayor Rothemeyer was most at ease as he talked with each of the members of the group individually. He plunged right into the crowd following the formal portion of the meeting, answering questions about his city and enquiring about our Minden. Mayor Rothemeyer said that he would likely be visiting our community in the future as he is planning a visit to Vancouver and stopping at a number of locations on his way east, including Minden.

Following the reception, the group was given a brief tour of the city hall. Attached to the great hall, is a modern steel and glass administration building. The contrast is similar to those found throughout the city.

A walking tour of the commercial section of the city followed with a stroll through the large pedestrian-only shopping area, broad glassed-in malls and an open farmer's market. Cobblestones, interlocking block and bricks were the common

street and sidewalk material. Only in a few areas did we see cement or asphalt used in the central part of the city. The walking tour included a visit to the narrow streets of the city where the buildings are hundreds of years old.

The old section of the city provided some interesting sightseeing opportunities. Beam and plaster buildings crowded the street, their walls leaning out of plumb. Quiet courtyards could be glimpsed through ornate gates, where carefully tended flowers added splashes of colour. In all cases, the homes were neat and seemed freshly painted. As we walked down these streets surrounded by ancient buildings, it was easy to get a feeling of what life must have been like in the early days of Minden, Germany.

The tour brought us back to the Ratskeller, the basement of the city hall where a typical German meal was prepared for us. Following the repast, hosted by the city, those who wished to, remained behind to tour the kitchen and help make an apple cake, or Apfelkuchen, with the assistance of the Ratskeller hostess Heike Deerberg. The other members of the group visited the central offices of the German Federal Railways, located in Minden. Here we were greeted by the president, Jon Peter Blank, and shown a number of films on the extremely fast trains currently being developed in Germany. The group was also shown plans for the development of computer assisted freight train sorting and make-up system. It was a most interesting glimpse of the modern and extensive

German rail network.

A brief visit to the Volkesbanken/Spar and Darlehnskassen der Jreise Minden - Lubbecke followed where we met with bank officials and received a number of small gifts. The bank sponsored the first visits of Minden, Germany residents to Canada and Minden, Ontario.

The group then gathered again at the Ratskeller to taste the delicious apple cake and enjoy a cup of coffee and finally bid adieu to our hosts of the past three days.

It has been a most interesting, if not exhausting experience. There are many images which our group will take away from the visit, but the longest lasting is sure to be the friendly, sincere and warm welcome with which we were greeted at every turn. A bond of friendship that transcends culture, customs and language has been formed. I suspect it will continue to grow as time goes by.

in the near future.

The candidates: Dysart

Joan Irish Council Ward 1

Born in Toronto, I was raised in Lochlin, where I received my elementary education. I attended Lindsay Collegiate and received an Honours B.A. in English Literature from Trent University.

Prior to my retirement in October 1987, I was a teacher/librarian with the Haliburton County School Board for 18 years.

I have been actively involved in the Canadian Legion, Branch 129, for 18 years, 3 years of which I served on executive - and 3 years as president

of the Branch. During my term of office the Parklane Senior Apartments were built and opened, a cadet corps was formed to encourage the physical, moral and character development of local youth, and our successful Bluegrass Festival was inaugurated.

Haliburton County is on the threshold of an exciting period of development and expansion. Indications are that the next five years will see unprecedented expansion in the tourist industry and business development. As co-owner, with my husband, Gerry, of the Silver Maple Motel in Haliburton Village, I am concerned about prob-

lems, such as environment management, parking, sewer expansion, and other matters affected by future development.

If elected as councillor

of Ward 1 I will serve, to the best of my ability, in a responsible and conscientious manner, ever mindful of the concerns and problems of the citizens I represent.

Bob Nichol Councillor

Bob Nichol lists several issues he believes concern the community. These include waste management and recycling, more park development, a continuing solution to the parking problem in the downtown core, and industrial expansion. Successful future growth of the municipality and the

business improvement area are also a top priority, Nichol said.

Nichol, a permanent resident of Haliburton, is married with two children and is currently employed with the LCBO. In the past he has been actively involved with municipal recreation, the Kinsmen club, and the Haliburton Hospital fundraising committee. He is an active member of the Haliburton Rotary Club and the BIA.

FOR COUNCIL**

SNOW REMOVAL TENDERS

are invited for
**Ontario Hydro Minden Service Centre
88 - 89 Season**

Tenders will be received for the removal and disposal of snow from the service yard and parking lots on an as-required basis at Ontario Hydro's Minden Area Service Centre located on Hwy. 35, Minden and Minden T.S. on Hwy. 121 at Allsaw.

The contractor is to supply the necessary rubber-tired equipment with operators (hourly rated).

Roads and parking areas are to be cleared by 7:00 a.m. of accumulations of three (3) inches or more of snow or slush.

Tenders are to be submitted by 4:00 p.m. on November 18, 1988, on company letterhead.

For further information and site inspection please contact:

Has your riding changed?

If you're not on the Voters' List, there's still time to get on it and make your mark.

Make Sure You Are On The Voters' List

Most eligible voters have by now received their Enumeration Card which explains where and when to vote. Please check to ensure the information is correct. If you have your card, you are on the Voters' List and are eligible to vote.

How To Correct Wrong Information.

Incorrect information on your Enumeration Card may prevent you from voting. Call the Elections Canada office for your riding (the number is listed here) and they will tell you what to do.

How To Get On The Voters' List.

If you haven't received an Enumeration Card, you may not be on the Voters' List and may not be able to vote in this Election. **There's still**

time to get on the Voters' List providing you register before Nov. 4, or Nov. 2 if you live in a rural area. Call the appropriate Elections Canada office listed here to find out how to register. Remember, this is your last opportunity to register!

Rural Voters

Voters in rural areas who are not on the Voters' List by Election Day, Nov. 21, may vote as long as another voter who is on the list for the same polling division will vouch for the unlisted voter.

Temporary Workers And Students.

Temporary Workers may vote in the riding of their temporary residence providing they have been resident in that riding since Oct. 1 and will be there on Election Day and have been registered to vote in that riding.

Students may vote by proxy during

term time if they are away from home and cannot vote in person.

Vacationers

Vacationers may vote only in their place of ordinary residence, not in the riding where they vacation. They must be registered in the riding where they vote.

**Elections Canada.
Your Official Source Of
Election Information.**

All federal elections in Canada are run and monitored by a non-partisan agency of Parliament known as Elections Canada. Elections Canada, with no political affiliation, protects the rights of Canadian voters to participate freely and privately in the democratic process.

**Canada's Non-Partisan Federal
Elections Agency**

**Helping Canadians
Make Their Mark.**

These Maps Will Help You Find Your Riding.

You can refer to the maps in this information brochure to find your electoral district (riding). Beside each map is the telephone number for the Elections Canada office in each riding.

Many Ridings Have Changed

You may find that you are in a different riding than the one in which you were registered as a voter at the last federal election. This is because the boundaries of most ridings have recently been re-aligned.

ACT NOW!

If you have not received an Enumeration Card by now, protect your right to vote. Call the number for the Elections Canada office in your riding to find out how to add your name to the Voters' List.

If you cannot locate which riding you live in from these maps, call

Reference Canada at:

**ELECTIONS
CANADA**

Bob English Council Ward 2

- Robert S. English (Bob).
- Native of Haliburton.
- 30 years of age.
- Married with 3 children; wife Tammy; son Morgan; daughters Krystal and Tiffany.
- Reside on Old Donald Road, Dysart Township.
- Graduated H.H.S.S. Grade 12, 1976.
- Graduated Sir Sandford Fleming College, Law Enforcement, 1978.
- Appointed Municipal Law Enforcement Officer in 1978.

- Appointed Chief Building Official, 1980. (Building inspector only 1978 - 1980).

- Transferred to Haliburton Ambulance Service full time "Emergency Care Attendant" in November, 1986.

- Graduated Sir Sandford Fleming College Ambulance and Emergency Care Program in 1987.

- Member of Ontario Provincial Police Auxiliary Unit since 1978, presently hold the rank of Sergeant.

- Associate member of Royal Canadian Legion Branch 129, Haliburton, since 1981.

- Reasons for seeking election:

- First opportunity to run in an election since employment with Dysart et al terminated. Prior to this constituted a conflict of interest.

- Always been interested in politics.

- My grandfather (C. W. Hodgson) was P.C. M.P. for Victoria/Haliburton for many years prior to Bill Scott.

- I had two uncles who were M.P.s: 1. Glen Hodgson, Victoria-Haliburton prior to John Eakins; 2. Louis Hodgson, M.P., Scarborough.

- I have 9 years experience in three different positions with the Municipality of Dysart.

- I know the area and the people very well.

- I know what people

expect from council.

- I want to contribute to continue the good government we have.

Issues:

1. I am not in favour of previous councils selling municipal lakefront properties. I feel council should encourage developers to develop backlands and rural acreages. Revenue generated through development of these backlands etc., will be far greater than income received from sale of lakeshore properties.

2. I strongly support recycling, waste management and controlled landfill sites.

- First thing needed is to have all landfill sites controlled by fences, gates, and regulated

hours with caretakers in attendance when dumps open. I am fearful of the day when a load of toxic waste may show up at our doorstep and be dumped in an unsupervised landfill site causing great environmental damage to our lands and waters.

Secondly, recycling is already being initiated in Haliburton to the extent that different items are being separated and trucked out to other centres, ie. scrap metal, tires, etc.

To expand on this operation and continue the type already implemented would be fairly simple and at a very reasonable cost to the taxpayers.

3. Sanitary sewer expansion to serve

Highway 121 West - expedite province with grant allocations to avoid further rising costs.

Imperative to the area:

1. Maintain good water quality in lake chain system originating in Haliburton.

2. Further resort expansions depend on it since most of their own septic systems are handling capacity loads now.

3. Proposed senior citizens complex on Highway 121 West of Haliburton Lake on "Hold" pending outcome of sewage expansion.

VOTE

on Nov. 14

John Thompson Council Ward 4

I moved up to the Guilford area in April of 1984 from Toronto.

I worked for The Toronto Transit Commission for 21 years. My wife and I bought The Guilford Restaurant.

I am a member of the Scenic Highway 35 Association and am currently promoting the Snowmobile Balloon Run for this winter.

I have had no experience in municipal

government, but being involved with people I feel I am capable to do my utmost for the people of West Guilford.

Our lake levels and the stocking of fish are important. What is going to happen to our garbage and environment in the near future?

Working with people for over 25 years has given me the understanding with some of their problems and feelings.

If elected I will do and fight not physically for the needs, problems and for the people and their feelings to try and give them what they may need.

John Parish Council Ward 2

For the past 6 years I have been Ward 2's representative on council for the Municipality of Dysart et al.

We have seen tremendous growth during this period, with considerable development in commercial, industrial, recreational and vacation properties. This growth must continue in an even pattern and in line with the current official plan

for our area.

One of our most crucial projects under consideration at this time is the expansion of the local sewage system. The proposal is to extend the system to include the commercial section south on Highway 121 to the PineStone Inn, as well as along the North Kashiagawigamog Road which would service the areas lodges. Without this expansion our local lodges would be stifled for expansion. Without expansion, our local tourist industry will suffer and the growth

that has been seen in the neighbouring Huntsville area will not make its way here. I believe that continuity and unity in council are necessary to ensure that this project becomes a reality.

Another long term issue for the area is our environment, especially the waste disposal sites. A greater effort must be made in our area, as well as in neighbouring townships, to promote recycling and an overall county waste management plan.

At the present time, we are undergoing a major

official plan amendment which must be done to accommodate expanding development. Flood plain issues will start to surface in the coming year. This must be handled very carefully not to inconvenience and lower the prices of individuals lands.

Over the past 6 years I have served on numerous council committees. I would welcome the opportunity to continue my efforts and would work very hard for a better Ward 2 and Dysart et al.

A CONCERNED CANADIAN READY FOR THE 1990's

I believe that Canada's future as a sovereign nation is threatened! The American Trade Agreement exposes our unprotected industry, resources and water supplies. Canada is now up for sale. Our future as a nation is seriously in doubt. I believe that this agreement must not be accepted.

Bed time for bulbs

Time to go to bed! That's what all the perennial plants and bulbs are saying these days! "Give me just a little of your attention and tuck me in - and I'll sleep until spring - and you won't have to wake me up, either" - that's what they

say to us!

Yes winter is approaching and all outdoor work should soon be done.

Any fall planting of bulbs and perennials - and mulching should be done very soon, time is running out.

The storage of Gladioli, Dahlia tubers, Tuberous Begonias is another big business these days. The cold room is filling up!

Horticulture minded people always find something to do, something to think about.

Oh yes, and there are all those houseplants to care for now. Giving them light, water, humidity and the odd prod of fertilizer.

Have you tried forcing bulbs for winter? At last month's meeting we had a very interesting workshop, led by Jean Lacey, where everyone got into the act. Each of us received a pot, pebbles for the bottom soil and a bulb to plant - instructions by Jean. We brought them home and they'll be in the cold room for 12 weeks or so - then brought out to supply winter pleasure for us.

Tuesday, November 1, is the last General Meeting of this year, held in the Court Room at 7:30 p.m.

Don't Drink And Drive!

it's so easy ...

"Awards Night" as it is called. Prizes for all the competitions contests etc. will be awarded.

Reports from the delegates who attended the Fall Convention in Peterborough will be heard. Two excellent speakers at that meeting were Anne Jakins of Lakefield - "Wild Flowers" and Bert Card of Richmond Hill - "House Plants".

A new slate of Directors and Officers will be another feature of this meeting.

There will be a draw for prizes and we always enjoy the refreshments provided by Bernice Gillies.

So this will end the 1988 season for horticulture in Minden. Please give your plants tender, loving care and they will reward you! Good gardening - see you at the meeting.

Christmas draw tickets on sale

(from page 22)

100 children competing. Minden Lions supported three local schools. Teachers from each school attended the Presentation Night and accepted certificates for their respective schools. Archie Stouffer, Penny Obee teacher: First: Jennifer Murdoch, 8B, Second: Carrie Vanasse, 8B, Third: Laurie Spunner, 8A. Norland, Joanne Penfold, teacher: First: Trevor Marsh, 6, Second: Maggie Bradamore, 8, Third: Amy Cook, 8. Kinmount, Diane Austin, teacher: First: Cori Barkwell, 7, Second: Veronica Johnson, 8, Third: Billy Dunbar, 8. The first place winners advance to the Multiple District Contest.

At our last dinner meeting we had Mr. Tom Richardson from Wellesley Hospital, Toronto, manager CPR programs (Heart Rescue) the full name is Cardiopulmonary Resuscitation, a very inter-

esting program and he is an excellent speaker. My next column will tell how it works for the Deaf and Blind people.

Just a few words from the Minden Lioness. Tickets are on sale for our Christmas Hamper Draw (value \$100), with second

prize of a ceramic Christmas Tree, third prize a turkey. Tickets are only three for \$1.00. Our District Project for this year is the Children's Wish Foundation - the non-profit organization which tries to grant a terminally ill child's fondest wish, whether it is large or small.

They want their families to share that joy and cherish the memories of that special experience. Anyone interested in treating

themselves to a day out in Barrie November 10, please contact Joyce at Leon's in Minden or call Ruth Rice.

Surveys are sent out

Community Care volunteers are launching a major survey throughout Victoria County to assist in the ongoing development of transportation and other support services.

The project, funded by New Horizons, Health and Welfare Canada, will consist of a survey to determine the type of transportation needed for various social and health activities of both seniors and disabled people in our area. Additional components of the project includes the development of information brochures concerning the transportation service once developed and also the co-ordination of a driver retraining program.

President Gord Tully commented on the excellent representation of committee members from diverse areas throughout the county. "Their input has been most valuable". But now, he adds, it is critical that we get the input from as many people as possible in order to plan well for existing and future needs. That is why we are mailing the survey to as many households as possible throughout the county."

Please respond.

Robert Case Realty Ltd.
is pleased to welcome

AL MAYO

to its growing sales staff in Minden.

Al joins the Robert Case team bringing with him extensive knowledge of the area's needs having gained experience in the local Real Estate Market and previously nearly 30 years in the banking profession including 10 years as Manager of a local bank.

Al is looking forward to providing friendly, efficient and professional service to the residents of Haliburton County. Feel free to give him a call for assistance with your Real Estate needs.

CONGRATULATIONS

Bob Austin, of Austin Real Estate, is pleased to welcome Blake and Carol McIntyre to Minden, the new owners of the Corner Store Emporium. The couple are not strangers to the area, having cottaged on Mountain Lake for six years. Blake and Carol are pleased to provide convenience store supplies, delicatessen counter, submarine sandwiches, a catering service, and propane refill service at the Corner Store Emporium, at Highways 35 and 121. The Corner Store Emporium is open 7 days a week from 9 a.m. to 10 p.m., until 11 p.m. on Friday and Saturday. Blake and Carol look forward to serving you at the Corner Store Emporium.

AT REST

CARLTON Edith

- at Minden Hospital on Wednesday, October 26, 1988 in her 76th year. Beloved wife of the late Henry Carlton. Dear mother of Alberta (Mrs. T. Palin) and Frances (Mrs. H. Harrison) both of Alberta, Doris (Mrs. A. Hope) of Willowdale, Betty (Mrs. W. Simmerson) and Thomas Carlton both of Minden. Loving grandmother of many grandchildren and great grandchildren. Dear sister of George Wilson and sister-in-law of Chris Carlton. Rested at the Gordon A. Monk Funeral Home, Minden from 2 - 4 and 7 - 9 p.m. Friday. Funeral service in the chapel on Saturday, October 29 at 3:30 p.m. Interment Minden Cemetery. Memorial donations to the Victoria - Haliburton Lung Association or the Ontario Heart and Stroke Foundation would be appreciated.

AT REST

MARTIN Fred

- (Lt. RCNVR - HMCS Tillsonburg) and retiree of Toronto Star peacefully at the Minden Hospital on Sunday, October 23, 1988 in his 76th year, dear husband of the late Dorothy and friend of Alberta, beloved brother of Florence and brother-in-law of Len Simmons of Sandy Cove Acres and the late Frank, lovingly remembered by his nieces and nephews. Rested at the Gordon A. Monk Funeral Home, Minden. Funeral Service was held in the chapel on Tuesday, October 25, 1988 at 1:30 p.m. Interment Minden Cemetery. Memorial donations to the Minden Hospital would be appreciated by the family.

CARD OF THANKS

I wish to thank all my friends, relatives and neighbours for their cards, flowers, kind thoughts and best wishes with special thanks to the doctors and nurses of both hospitals. It was greatly appreciated.

Freda Harrison

Mike and Becky Durkin would like to thank everyone who helped support us during our last three years in business at Hall's Lake Esso and hope you will continue to support the new owners Richard and Sheila Sanders.

Many thanks to all who helped to make last Sunday, at the Minden United Church, a very happy and memorable occasion for me: - to the staff and children of the Sunday School; to all my beloved former students, and to their parents who have constantly supported and encouraged me; to the congregation who have permitted me to serve as teacher of the Senior Class for so many years. My work with the Sunday School has brought great joy and blessedness to my life. Thank you, dear friends, for the kind and wonderful way you have honoured me, and especially for your love and prayers.

Edna Morgan

CARD OF THANKS

Just a big "Thank You" to Ken and Marg Fielding our sponsors, Wayne Cully our coach and our faithful fans. A special thanks to Mae Hicks and Bessie Burk for their donations for our draw. The winner of the quilt was Dean Rivett of Lindsay and P. Dillon of Bracebridge won the pillowcases.

Minden Dixie Lee Ladies Softball Team

Thank You

We would like to thank all our friends and relatives for the gifts and cards we received at our wedding, they were very much appreciated. A special thanks to all that helped with the bar and the buffet, and to Pat and Leroy Lichty for letting us use their home. Thank you everyone for making our wedding such a special day.

Tracey & Duane Pratt

A sincere thank you to the following who contributed to the Haliburton County Music Awards at HHSS on Saturday. Your support and encouragement is much appreciated. Walt McKechnie, Murray Fearrey, The Driftwood Restaurant, Ian's Hair Emporium, Cordell Interiors, Dollo's IGA Minden, Bill Kulas, John Stainton, Gordon A. Monk, Minden Valu-mart, Nancy's Florist and Don and Pat Mintz.

IN MEMORIAM

BUNKER: Olive - Our dear Mom who passed away 10 years ago today - October 28.

In the book of life there are memories
Of the happy days we knew
And recorded in love are the blessings
Of a wonderful Mother like you.

Sadly missed by sons and daughters, Faye, Jack, Caroline, Joyce, Harry, Joanne and their families.

GIBBS: Wilbert. In loving memory of a dear Dad and Grandfather who passed away October 31, 1987.

"Although we smile and make no fuss
No one misses him more than us
And when old times we often recall
That's when we miss him most of all."

Sadly missed by Marie and family.

IN MEMORIAM

ROWDEN: Laura Susan: In loving memory of our dear niece who passed away November 2, 1985.

God knows how much we miss her
Never shall her memory fade
Loving thoughts shall ever wander
To the spot where she is laid.

All our love, Ken, Marilyn, Michael, Lisa, Trisha.

SEARS: In loving memory of my dear husband Milton who died November 4, 1987.

The days go by so fast,
It hardly seems a year,
But tears do not last

IN MEMORIAM

As we go on without fear.
Miss you? Sure I do,
But we'll meet you when we go
To join you in our heavenly home.

Sadly missed by Islay, Paul Jeremy and Jason.

SEARS: In loving memory of a dear father, Milton, who passed away November 4, 1987.

A year ago you left us for peace and tranquility.
Many tears have been shed as we remember all our happy times,
Not a day goes by without a wish that you were here with us again to fill that empty void deep down inside.
